Hudelson's Iris Offerings

NEWBURGH, NEW YORK

FRANCES GRAY

I do not offer the longest list, but the best. Easy to make selection, none but the best listed. No better varieties, no better stock can be had any where, at any price.

There are four 1932 introductions: Mazda, Byron Gray, Frances Gray and New Winsdor. Last summer I had four irises in competition with others. One hundred-fourteen flower lovers went to the trouble of recording their judgment as to the relative merits of some of them. Let me use the well known and world-famous Ambassadeur as the standard. These 114 people, voting entirely independently, gave Ambassadeur 373 credits, Mazda 366, Byron Gray 459, Vista Blue 435 and Frances Gray 603.

BYRON GRAY* is a tall, 44", vigorous iris, large blossom of excellent texture, blue violet with yellow beard, fragrant, **\$15.00**

FRANCES GRAY,* very large flower of Orchid color, on strong stems, 40"-44", beard tipped yellow, fragrant, **\$20.00**

MAZDA, 36" tall, good size, vigorous, S. deep hyssop violet, Falls Roads Violet, yellow beard, illuminates like a 60 Watt, **\$10.00**

NEW WINDSOR has very large flowers, fine form and substance, old rose, yellow beard, very-noticeable-water-line lakes or islands in both standards and falls. Stems well branched and 38" tall, very unusual, fragrant, fine iris, **\$20.00**
